A specialty store of aviation goods run by an owner who pilots small aircraft as a hobby. Aviation radios, flight simulators, pilot supplies, and other maniac items that aviation fans are coveted for. The sales floor area is one of the largest in the prefecture in the aviation goods industry.

Full of must-see treasures for aviation fans!

The object of admiration in the past and now!

High-end shop for adults

Popular resurgence! Record Shop

Music fans gather regardless of nationality!

Based on the concept of "not being swept away by trends," mainly used CDs, DVDs, and singles are sold. Modern jazz from the 1950s and 1960s is popular, and rock from the 70s is highly recommended. In addition to music fans, the store is bustling with foreign tourists who are enjoying a boom in Japanese records.
